

## IN THE CLAIMS:

A redacted version of the amended claims showing additions and deletions is provided in the appendix. A clean version of the entire set of pending claims is as follows:

Suh 1

(Once Amended) A method for making a plastic dry food container, said method comprising the steps of:

- a) forming a thin sheet of ethylene vinyl alcohol film as an interior surface of the container;
  - placing a dry food product within said container, wherein the dry food product acts as a desiceant to draw moisture away from the ethylene vinyl alcohol film; and
- c) sealing said container.
- 2. (Once Amended) The method of claim 1 wherein the ethylene vinyl alcohol layer is less than 0.5 mils thick.
- 3. (Once Amended) The method of claim 1 wherein the ethylene vinyl alcohol layer is approximately 0.1 mils thick.

Once Amended) The method of claim 1 wherein the dry food product comprises a water ctivity of less than .6 upon the sealing of step c.

6. Once Amended) The method of claim 1 wherein the dry food product comprises a water activity of less than .4 upon the sealing of step c.

1

Once Amended) A multi-layer plastic container comprising:

an interior layer of ethylene vinyl alcohol, said layer of ethylene-vinyl alcohol being less than 0.5 mils thick;

a dry food product having desiccant properties sealed within said container.
